Rebound with Salesforce Work.com

Your employees are your organization’s greatest assets. It is important to have the infrastructure in place to take care of them. If we have learned one thing from 2020, it is if we cannot adapt quickly, we will not succeed.

As an experienced Salesforce partner, CGI offers Work.com solutions and enablers to help your organization rebound. We’ll help you to:

- Assess your location’s readiness and continued preparedness
- Track daily occupancy of individual locations
- Identify those who may have had contact with a sick co-worker

Work.com can be quickly implemented to respond to today’s situations and easily expanded to prepare for the situations of tomorrow. No matter where your employees are located, Work.com empowers you to connect with them, delivering data to your computer or mobile device in real time so you can make the best decisions possible.

WORK.COM FEATURES AND ADD-ONS

We help our clients rapidly implement and expand on Salesforce’s Work.com Workplace Command Center, including the following features:

**Command Center**

- Single location for leaders to go to see the answers to important questions to make informed decisions, whether you have one office or hundreds of offices around the globe
- Coordinate, automate, and scale emergency-response and recovery-management workflows

**Employee Wellness**

- Manage and monitor employee wellness and training
- Reach out to employees to determine their ability to return to the office during this pandemic and in the future after other natural disasters

**Training**

- Easily train employees on new safety procedures and helpful tips for preparing for disasters
- Provide training on PPE usage and proper social distancing
- Upskill your employees on new technologies or processes

RESPOND. REBOUND. REINVENT.

The global pandemic has brought an unprecedented level of disruption to the way many of us live and work. These rapidly-changing times require resilience, agility and teamwork. CGI is ready to support our clients’ critical missions, and to partner with you on the road ahead.

Having the right Salesforce partner makes a difference in how organizations manage change and achieve better adoption and business results. When it comes to Salesforce implementation, CGI’s approach is unique. We put people—users, customers, employees and partners—at the center. We help organizations succeed in adoption by providing tools customized to their needs so our clients get full value from their Salesforce investment.
In addition to the core features of Workplace Command Center, CGI has multiple customizable add-ons to help you rebound:

**Location Readiness**
- Track essential supplies across multiple locations to prepare for reopening and follow up regularly with all locations to ensure there are not supply chain breakdowns
- Assess locations for compliance with government regulations and corporate policies and react accordingly to keep everyone safe

**Office Occupancy Tracking**
- Monitor the number of individuals who are coming into the office to operate within social distancing restrictions
- Determine what percentage of your office space you are regularly using
- Have record of the individuals who are in your office on a given day

**Employee Wellness Plus**
- Work with local health departments to facilitate contact tracing within your company
- Have a simple means of identifying and contacting employees who may have had contact with a colleague who has tested positive with the least amount of data storage possible
